INTRODUCTION

In recognition of the need to facilitate the relocation and resettlement of those Jamaicans who return home to retire, invest, work or share experiences and expertise gained abroad, the Government of Jamaica introduced a number of procedures and mechanisms aimed at simplifying the bureaucratic processes. One such initiative was the implementation of the *Charter for Long-term Returning Residents* in 1993, the provisions of which include:

- The establishment of a Returning Residents Facilitation Unit in the Ministry of Foreign Affairs and Foreign Trade to deal specifically with Returning Residents' matters in coordination with Jamaica's Missions abroad, in particular, those in the United States of America, Canada and the United Kingdom, as well as Ministries, Departments and Agencies which administer the various procedures and regulations affecting Returning Residents.
- The review of statutory provisions relating to matters such as eligibility for concessions and importation of personal and household effects and tools of trade.
- The standardization of the procedures relating to the importation of motor vehicles.
- The provision of adequate and current information to Returning Residents.

The Returning Residents Facilitation Unit (RRFU) subsequently was upgraded to a department, now known as the **Diaspora and Consular Affairs Department**. The Department serves as the focal point for the facilitation of assistance to Returning Residents through the transmission of information to and from overseas based Jamaicans. The functions of the Department include:

- Operate as an information centre and contact point for Jamaican communities abroad.
- Monitoring of procedures relating to the relocation process; the identification of problems and the facilitation of solutions.
- Promotion of the development of a policy supportive of the interests of Jamaican communities in their respective host countries.

- Encouragement and mobilization of Jamaicans abroad in the promotion of mutually beneficial relationships that contribute to national development.

In carrying out its functions the Department liaises with key Ministries, Departments and Agencies, including:

- The Passport Immigration and Citizenship Agency (PICA), www.pica.gov.jm which falls under the Ministry of National Security for matters relating to nationality, citizenship and immigration procedures;
- The Jamaica Customs Department, www.jacustoms.gov.jm - matters relating to eligibility for concessions, and the importation and clearance of personal and household effects, tools of trade, motor vehicles and other items;
- The Trade Board Limited, www.tradeboard.gov.jm - matters relating to the issuance of Import Licences;
- The Ministry of Finance and Planning and the Ministry of Industry, Investment and Commerce- matters relating to motor vehicle import policy and the duty regime.
- Jamaica Promotions Corporation (JAMPRO), www.jamaicatradeandinvest.org - matters relating to investment policy and establishment of businesses.

National Housing Trust

The National Housing Trust was established in 1976 to provide low interest rates for home loans for persons who contribute to the Trust for a prescribed period. Once they have been contributing to the Trust for at least two years and meet other conditions, they are eligible for a loan from the National Housing Trust, to build or buy a house in Jamaica, or to buy land for home construction. This includes Jamaican's residing overseas.

How much should you contribute to benefit?

Employed Jamaicans living overseas should contribute 3% of their monthly wages, before tax. Self employed individuals would contribute 3% of net earnings (less business related expenses) Persons employed to Jamaican High Commissions/Embassies contribute 2%.

The Benefits

- Once you have contributed for 2 years, you will qualify for a home loan at low interest rates of between 1 and 7%.
- If you **do not** already own a home in Jamaica, you are entitled to a non-home owners loan of up to J\$4.5M
- If you already own a house in Jamaica, you are entitled to home-owners loan of up to J\$1.5M

How long do you have to contribute before benefitting?

- Persons who had not previously contributed to the NHT are required to contribute for 104 weeks(2 years) before they are entitled to a loan.
- Persons who had previously contributed and have the minimum 52 weeks (1 year) in contributions are required to contribute for only an additional 52 weeks.

What can you do with your NHT loan?

Your loan can only be used for housing purposes and the property must be located in Jamaica. The loan may be used to:

- buy land
- buy a house
- build a house, or
- repair a house

You can also use your loan to help your children, relatives and friends to buy, build or repair residential property in Jamaica.

If the sum you are able to borrow from NHT is insufficient, you may apply jointly with another contributor to obtain more funds to buy a single property. You may also access more loan funds from select housing financial institutions and combine this with your NHT loan under the Joint Finance Mortgage programme. These institutions will process your loan application on behalf of the NHT and approve your NHT loan without you attending the NHT's office.

How to register as an overseas contributor?

Complete an application form and Declaration of Income form obtainable on the NHT website, www.nht.gov.jm. When to make your payments

- The NHT will calculate the monthly amount you should pay from the date of your registration.
